Software Engineering
Community

Purpose and Feedback

- Our initiative is *"To build a community of software engineers on campus to network, share ideas, tools and techniques".*
  - How we do that is driven by the needs of the community.
- Feedback from the last event was very helpful and generally very positive!
- Moving forwards:
  - Different style events.
  - Shorter talks and more networking time.
  - Varying days of the week.
- Got an idea or some feedback? Come and speak to one of us during the networking!

Software Engineering Community

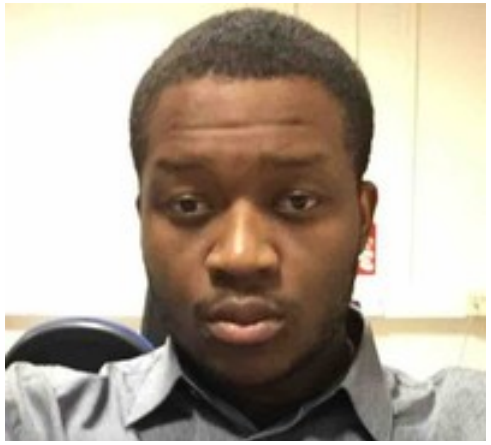
Event Organisers

Tim Nicholls
Technology,
STFC.

Chris Oliver
Scientific Computing,
STFC.

Sophie Kirkham
Technology,
STFC.

Daniel Nixon
ISIS Computing,
STFC.



Gbenga Omirinde
ISIS Business
Applications, STFC.
